

h/p/cosmos® robowalk® technology for sports & rehabilitation

meet the functional training expert
Lamar Lowery
at h/p/cosmos stand on FIBO

robowalk® supports the athletes in
performance enhancement training through
new stimulation & motivation

robowalk® supports the "3 pillars" of success in rehabilitation

1. high motivation of the patient
2. correct movement pattern / physiological gait
3. frequent repetitions of movement

h/p/cosmos®

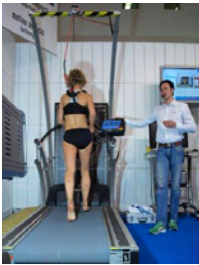

hall 3: stand B10
